I'd prefer to not call in because I don't think I would add anything to this that you aren't already talking about. Let me know if you want me on it, I can certainly call in. And you can brief me this evening, in case we need to follow up with anything. Thanks!

I know you are busy so I am going to leave this up to you if you want to call in with ORC only. Any update on ACE?

Yes, I think we should have a quick call to familiarize Juan with the subject matter so that he is prepared for Monday's meeting.

Subject: Today's meeting

Hello

I am going to cancel today's 1:30 NJDEP pre-meeting. I have talked about CSTAG and RAOs with our technical staff to death. I need them to work on both of them instead of talking more. I am still free at that time and I have the conference line. Juan, if you would like to call in, I can give you an update. Sara and Frances you are of course welcome to join us. I attached the CSTAG again here for reference
